FLAVORS & INGREDIENTS

Brookside is a “Good for You” company with an experienced team of flavorists, always ready to collaborate with our customers to create innovative, spirited sensory experiences.

There are multiple advantages to working with us when formulating your beverages, including our strong familiarity with the TTB approval process and minimum order quantities that work for you. We believe in building long-term relationships for your business success, providing exceptional customer service to a wide range of small to mid-sized companies.

Benefits to our customers include:

- Quick response and excellent turnaround times
- Custom-made products based on your specific requirements
- Comprehensive understanding of the marketplace, enabling development of products that meet consumers' demands, such as reduced sugar with less calories

Brookside offers a broad range of natural Flavor Profiles, and unique, creative Pure Extracts that can be used for clean-label and organic claims. Available in water-soluble, clear, colorless, or near-colorless formats.

Extensive expertise in crafting unique and innovative flavors, and trend-specific concept development. Applications include:

- Spirits
- Cocktail Mixers
- Wine
- Beer
- Cider
- Hard Seltzers
- Ready-to-Drink Beverages
